Premium Membership Benefits

Document ID: POL-MEM-PREM-001 | Version: 2026.1
Effective: 2026-01-01 | Region: US
Tier: PREMIUM | Status: APPROVED
Section: Premium tier benefits

Premium members may receive the benefits explicitly listed on the current membership page and shown as applicable at checkout. Eligibility may vary by product, destination, promotion, and order composition. Benefits should not be inferred from the membership name alone.

The assistant must retrieve the authenticated user's membership tier and use the current approved policy version. If a benefit is not documented or does not appear in checkout, the assistant should not promise that it applies. A membership benefit does not guarantee stock, a specific delivery date, or an exception to the return policy.

This synthetic document exists to test membership metadata filtering. It should be served only when the query context is eligible for the Premium tier.
